

Preschool Palm Tree Newsletter

We made the "Unicorn" character from our book of the week which was called "Sugarlump and the Unicorn". We really enjoyed this story!

In Maths, we made our own fish aquarium to remember the 3D shape rectangular prism. They were super creative!

Activities Covered:

This week we enjoyed reading the story "Sugarlump and the Unicorn" by Julia Donaldson and it took us on a magical adventure.

In **Communication and Language**, we will read the story "Sugarlump and the Unicorn" and made a rocking horse craft to remember one of the main characters in the book.

In **Mathematics**, we learnt the 3D shape and created our own fish aquarium using the rectangular prism shape that we learnt about.

In **Physical Development**, we had such fun playing racing games against each other to see who could gallop the fastest. They absolutely loved this!

In **Understanding of the World**, we talked about different feelings and how other people might feel. We looked at a special part of a book to see how the character was feeling. To remember this important part of the story, we made a super cool carousel horse craft!

In **Expressive Art and Design**, we made a magical unicorn craft and asked the unicorn to grant us a special wish!

What an amazing Thursday we had! Our character parade was full of giggles and creative costumes, and it was so special having parents join us to read stories. In our 'Tiddler' class, little fishers tried their luck at fishing! At 'The Ugly Five,' we munched on popcorn and enjoyed a fantastic puppet show. Over in 'The King and the Cook,' we got hands-on with a spaghetti activity. And at 'Sugarlump and the Unicorn,' we raced like real race horses!

Thanks for making our Thursday unforgettable!

Upcoming Activities:

This week we will learn all about "Community Helpers" and our focus will be on 'Emergency helpers.'

In **Communication and Language**, we learn about the role of a police officer and how they keep us safe. Having people to keep us safe is very important!

In **Personal, Emotional and Social Development**, we will learn about the role of 'Doctors and Nurses' and will do some role play visiting the doctor.

In **Mathematics**, we will learn about following a familiar route and using vocabulary like first, then and after.

In **Understanding of the World**, we learnt about what is an emergency and the emergency number we need to call should we have any emergency problem. Guess what the number is 999!

In **Expressive Art and Design**, we will learn about the role of 'Fire fighters' and how they help the community. We will also learn the dangers of fire.

Well, it looks like we will be having an exciting week ahead learning some important things to keep us safe. I am ready!

We made the rocking horse 'Sugarlump' from our book. He was so lucky to get so many wishes granted!

We enjoyed a puppet show about the book "The Ugly Five" and had some popcorn. We had fun listening to the story "Tiddler - The story telling fish" and we played a fishing game.

Tips for home:

- Please ensure your child gets to bed at a reasonable hour so he/she is ready to learn when they get to school.
- Display your child's work from school to help build a sense of pride in their accomplishments.
- Read the **weekly newsletter**, so that you keep up to date on what is happening.

We had a blast having horse races against each other, just like Sugarlump did when he wished he could gallop. We also got to practice our galloping skills. Well Done Palm Tree Class!

Upcoming Events:

Community Helpers

Thursday 7th April

Exciting Week Ahead!

This week, we're diving into the wonderful world of community workers. Little ones will explore different roles by role-playing in our mini-Supermarket, Cake Shop, Salon, and Hospital. It's going to be a fun and educational adventure! We will also have a dress up day in our favourite

We read the story "The Cook and the King" and because spaghetti was top of list for one of our favourite foods, we had a spaghetti race to see who slurped it up the fastest.

To see more photos of our adventures in learning be sure to visit our [website](#), [Facebook](#) and [Instagram](#)

Final Note:

Routine is an important part of building your child's comfort level at school. Please make sure you drop your child off at school no later than 7:30 a.m. and pick them up at the end of the day at 12:30p.m.
