Welcome to Kid'n Around Kindergarten!

Dear Preschool Parents,

A very warm welcome to **Kid'n Around Kindergarten!**

We are delighted to welcome you and your little one to our Kid'n Around family. Starting preschool is a very special milestone, and we are so excited to begin this wonderful journey with you and your child.

For many of our children, this is their **first experience of school**, and we understand that starting somewhere new can bring a mixture of excitement, curiosity, and sometimes a few little tears! Please know that we are here to support your child every step of the way. Our aim is to create a safe, loving, and happy environment where every child feels secure, valued, and ready to explore and learn.

Over the coming weeks, your child will begin to become familiar with their teachers, friends, classroom routines, and the many exciting areas around our kindergarten. Through **play, songs, stories, creativity, movement, exploration, and hands-on activities**, we will encourage children to develop their confidence, independence, communication, social skills, and love of learning.

We believe that **every child is unique**, and we will take the time to get to know your child—their interests, personality, strengths, and individual needs. Our preschool years are not only about learning new skills; they are about building relationships, developing confidence, learning to make choices, and discovering the joy of being part of a community.

Upcoming Activities:

What a wonderful first week it is going to be! Our little learners will be busy settling into their new classrooms, meeting their teachers and friends, exploring their surroundings, and discovering all the fun that preschool has to offer!

In **Communication and Language**, we will listen to the "**My First Day in Kindergarten**" story and learn and discuss different emotions. We will also make a fun "**First Day of School Photo Portrait**". We cannot wait for all the smiles on their photos!

In **Personal, Social and Emotional Development**, we will explore our new classroom through guided tours and free play. We will learn where resources belong, become familiar with our daily routine, and discover our classroom rules and expectations. Through play and everyday routines, we will practise skills such as **tidying up, caring for resources, listening, following instructions, and becoming more independent**.

In **Physical Development**, we will focus on **developing coordination, fine motor skills, and midline crossing** through fun, hands-on activities and games. We will strengthen our hand muscles and practise using tools through activities such as "**I Can Cut My Own Fruit**," "**Save the Bears**," and "**Pick an Emotion – Cut the Pattern**."

In **Literacy**, we will focus on visual discrimination activities and how to spot the differences in objects in our classroom.

In **Mathematics**, we will explore **numbers, counting, and shapes** through fun and engaging stories and activities. The children will enjoy the stories "**Five Little Monkeys**" and "**Five Little Ducks**" while developing their counting skills from 1–10 and practising **number recognition**. We will also explore 2D shapes and encourage the children to become shape detectives!

In **Understanding of the World**, we will make a pencil craft with our little hands for memory's sake.

In **Expressive Art and Design**, we will explore colours and textures through fun activities!

Tips for home:

- Please ensure your child gets to bed at a reasonable hour so he/she is ready to learn when they get to school.
- Display your child's work from school to help build a sense of pride in their accomplishments.
- Read the **weekly newsletter**, so that you keep up to date on what is happening.
- Drop off and collect your child promptly each day.
- Provide your child with opportunities to practice their pencil control.
- Limit **screen time** to 1 hour per day.

Upcoming Events:

Thursday 3rd September
Meet the mascots Atom and Life

This week, we are excited to introduce our children to our special mascots, **Atom and Life**! The children will enjoy listening to a story about Atom and Life and take part in fun, hands-on activities inspired by their adventures.

To see more photos of our adventures in learning be sure to visit our [website](#), [Facebook](#) and [Instagram](#)

Final Note:

A Special Note to Parents

We know that the first few days can be emotional for both children **and parents**! Separation can be difficult, but with your support and encouragement, your child will gradually learn that school is a safe and happy place.

Please trust our teachers and give your child time to settle into their new routine. A confident and positive goodbye, even when it feels difficult, can help your child feel reassured. Remember that **settling in takes time**, and every child develops at their own pace.
